---

If you look up the definition of techno - you will surely find Marcel Dettmann listed somewhere in the paragraph. The German dj/producer has been bringing his own brand of Berghain, driving techno across the world for a while now and this week to NYC via The Bunker. CGNY met him at Movement Detroit 2011 for a quick chat about parties, dancing and cigarettes!

For more info go to <http://www.facebook.com/marceldettmann> or <http://www.soundcloud.com/marceldettmann>

The Bunker party info is [here](#) ! Thanks to Chris Schoedel and Jan Gerards!
